Hondo's luck must have gone on
vacation this week, and as a result
mechanics are making repairs on
cars that have been in collision.
The first occurred Tuesday afternoon
when returning from the ball game
at Montel Park. The second col-
lision occurred Wednesday morning.
The occupants escaped injury, but
both instances the cars were some-
what disfigured.

Judge H. E. Haass and John Heyen
are leaving for Houston tomor-
row, the Judge to attend a meeting
of the secretaries of the various
Loan Associations of Texas,
and by the Farm Loan Bank of
Houston. Mr. Heyen, who is one of
the appraisers for Medina County, is
going along to see what he can learn
and can turn to good account in
way of appraising in serving the
state in this county.

Coca Cola's battled manfully at
Montel park last Sunday but to no
avail the Aztecs taking the game
score of 2 to 1. Up to the sixth
neither side could force a man
on the home plate. The Coca
Cola's scored in the seventh and the
Aztecs in their next time at the bat
in the game. Thereafter the locals
eased the Coca Cola's. Then in
the last half of the ninth the locals
sent a man across home plate and
the game was over.

O. J. Bader and wife, and Mr.
Oefinger, father of Mrs. Bader,
returned Monday night from a two
week auto trip through New Mex-
ico, Colorado, Kansas and Oklahoma.
Bader says they had a most de-
lightful trip, and although we down
here were complaining of the heat
and his party were viewing much
of the mountains in Colorado.
The journey was almost devoid of car
trouble, and as his Ford was home-
made he made a record run
from Fort Worth to Hondo, leaving
Packer City at 7:00 Monday
morning and arriving home at 9:00
of the same evening.

A miniature storm, accompanied by
an inch of rain visited this sec-
tion between 10 and 12 o'clock last
night. The wind was pret-
tily for a while and dust and
everything else loose was sent
through the air. However,
of slight injury to a few
trees no damage, so far as
we heard, resulted from the
rain, while by no means
people wanted, freshened up
a little, and doubtless proved
helpful to corn in some fields. The
fall thus far this season is some-
what below normal and it will take
one or four inches everyone is
anxious to make up the defi-

Mr. and Mrs. J. W. Griffiths and chil-

for Los Angeles, California, and if
he finds anything to his liking he
will stop there, otherwise he will go
on to San Francisco. His friends
here, while regretting to lose Harold

graduate and later one of our popu-
lar teachers. Since her marriage,
she has made her home in Mexico
where her husband is engaged in the
oil business. His health being bad
they are now spending some time in
Texas, and Mrs. Frix will leave Mon-
day to join him at San Angelo where
he is at present recuperating.

WITH THE DRILLERS.

The Ina Oil Company's well on the
George Schmidt ranch has established
beyond question the fact that an oil
pool exists in Medina County. We
hoped to give the output of this well
in this issue, but this matter is yet to
be determined. The main fact, and
one that means most to our people,
is that a pay well has been found.
Some trouble was experienced in in-
serting the strainer but this was final-
ly effected and according to our
latest advices the drill was seven feet
in a rich oil sand, and the sand was
getting richer and the gas pressure
was getting stronger with each drop
of the drill. Driller Frank Brown
feels confident that the well will flow
over the top, but this is yet to be de-
termined. This well was intended
more as an exploration proposition
than as a producer—a primary test
as to the existence of an oil pool, and
has served its purpose. But a small
hole was spudded in and reductions
in size as the drill went down has re-
duced it to about three inches at the
bottom a fact that will possibly pre-
vent it from ever being a great pro-
ducer, but the knowledge gained will
be of inestimable value in the sinking
of the new well which the company
anticipates doing immediately. The
field has been proven, even to the
satisfaction of the most pessimistic
of our people, and a great drilling
campaign should and undoubtedly
will, be the result of finding oil in
this well.

Fritz Fuchs has taken over leases
in the Chicon field and active drilling
operations will be begun as soon as
equipment can be placed on the
ground. As this paper has already
stated, the Jungman well—a shallow
proposition—is pumping about three
and a half barrels a day. A new
well, the site of which was designated
by Geologist Sellers of the State
University, will be spudded in during
the month of July, and Mr. Fuchs,
himself a geologist, feels confident
of a rich strike.

But perhaps the test that will hold
the greatest attention of our people
for the next few months will be a
test on the Francisco. This is to be
a deep test, the first in this section.
The following, from a San Antonio
paper gives the particulars concern-
ing this work.

Judge Wheelless of Kerrville who
has developed some shallow acreage
in Medina county, near Noonan,
where there is said to be an excellent
structure has made a contract with
Eugene E. Sullivan to drill to the
Edwards lime which will be the first
test in that section to the formation
that is producing the oil in the Luling
field.

Shallow production is had in Me-
dina at around 600 feet and it is be-
lieved that in time this will be devel-
oped to the place where it will be
profitable production. This shallow
oil is said to be had in the Taylor
Marl which is producing in the Som-
erset field from the depth of about 1-
200 to 1,400 feet. This makes the

difference in elevation of Noonan
structure and the Somerset field from
600 to 900 feet and brings the Ed-
wards Limestone that much nearer
the surface of the ground.

Judge Wheelless believes that he
will encounter the Edwards at 1,750
to 1,800 feet and the location of the
first will be about two and a half
miles southwest of Noonan.

The protracted meeting at the
Baptist church has been attracting
large audiences all week, and will

the singing by the Jackson Brothers
is proving an attractive feature of
the services.

Herbert Bilhartz informs us that he has a turkey gobbler that is mothering his young turkeys in the absence of the turkey hen. It seems that the coyotes became hungry and raided his herd of turkeys, killing two hens and ten young turkeys. The old gobbler seeing that the remaining young turkeys needed supervision took it upon himself to look after them and is now strutting around, with the young turkeys under his care.—Pearsall Leader.

The Fourth was observed in Hondo by a general suspension of business, all the business houses remaining closed for the day. A large number of our people spent the day in the country picnicking, fishing and bathing, quite a number attending the opening of Electric Park at Castroville. For the amusement of the "taw at homes" two baseball games were staged, the Mexican team of Pearsall coming here for a game with the Aztecs of Hondo, the game being called at 1:00 o'clock. Immediately at the close of this game, a game was played by the La Pryor and Hondo teams. Altogether the day was spent in a safe and sane manner, and all resumed their work Thursday refreshed and rested as the result of their short respite from the cares and worries of the daily business grind.

Hondo was well represented at Castroville on the Fourth. The new Electric Park was thronged by an immense crowd of people and all seemed to be enjoying the occasion immensely. The barbecue was fine, the swimming was delightful to those so inclined, and the radio, that brought news of the Dempsey-Gibbons fight as it progressed, was the source of a great deal of interest to the assemblage. The event closed with the usual dances at night.

LADY WAS IN A BAD FIX FROM NERVOUS INDIGESTION

Biloxi, Miss.—"I had, for a year or more, nervous indigestion, or some form of stomach trouble," says Mrs. Alonzo Ford, 1117 Clay Street, this city. "The water I drank at that time seemed to constipate me. I would suffer until I got so nervous I wanted to get down on the floor and roll. I felt like I could tear my clothes.

"Every night, and night after night, I had to take something for a laxative, and it had to be kept up nightly. My side would pain. I looked awful. My skin was sallow and seemed spotted. I would look at my hands and arms, and the flesh looked lifeless.

"I happened to get a Birthday Almanac, so I told my husband I would try the Black-Draught, which I did. I took a few big doses. I felt much better. My liver acted well. I made a good, warm tea and drank it that way. Soon I found

A TONIC

Grove's Tasteless chill Tonic restores
Energy and Vitality by Purifying and
Enriching the Blood. When you feel its
strengthening, invigorating effect, see how
it improves the color to the cheeks and how
it improves the appetite, you will then
appreciate its true tonic value.

Grove's Tasteless chill Tonic is simply
Iron and Quinine suspended in syrup. So
pleasant even children like it. The blood
needs QUININE to Purify it and IRON to
Enrich it. Destroys Malarial germs and
Grip germs by its Strengthening, Invigor-
ating Effect. 60c.

No Worms in a Healthy Child

All children troubled with Worms have an
unhealthy color, which indicates poor blood, and as a
rule, there is more or less stomach disturbance.
GROVE'S TASTELESS CHILL TONIC given regu-
larly for two or three weeks will enrich the blood,
improve the digestion, and act as a general Strength-
ening Tonic to the whole system. Nature will then
throw off or dispel the worms, and the Child will be
in perfect health. Pleasant to take. 75c per bottle

RENEWED TESTIMONY.

No one in Hondo who suffers back-
aches, headaches, or distressing uri-
nary ills can afford to ignore this
Hondo woman's twice-told story. It
is confirmed testimony that no Hon-
do resident can doubt.

Mrs. Heyo Schwers gave the fol-
lowing statement May 28, 1915: "I
had an attack of kidney trouble. My
kidneys acted irregularly and caused
me annoyance and there were other
ailments arising from disordered kid-
neys. I believe the trouble was
brought on from a cold which set-
tled in my kidneys. I purchased
Doan's Kidney Pills at Windrow's
Drug Store and a short use correct-
ed the trouble which has never re-
turned."

On May 3, 1919, Mrs. Schwers
said: "I have had no occasion to use
Doan's Kidney Pills since they cured
me four years ago."
Price 60c, at all dealers. Don't
simply ask for a kidney remedy—get
Doan's Kidney Pills—the same that

OLD MEXICAN SUICIDES.

Estevan Sisnero, an aged human
derelict, died from a self-inflicted
gun shot wound at about 4:30 o'clock
last Saturday afternoon, in the west
part of town. George Ford and Edgar
Spencer, who live near the scene
where the tragedy occurred heard a
gun shot, and on going to investigate
found deceased in a room in the home
of Loupe Ticerino, with the top of
his head literally blown off, and a
30-30 rifle lying across his body.

Judge Lamm, in his capacity as
coroner, and Dr. Meyer, acting coun-
ty health officer, visited the scene and
viewed the body. A 30-30 bullet
penetrated the forehead, tearing
away the entire top of the head. No
one was present when the shot was
fired, but indications were evident
that deceased made very deliberate
plans for his self-destruction. He
had made down a pallet and lay down
on it to fire the fatal shot into his
brain.

We understand he left a rambling
unintelligible note, but it threw no
light on the cause of the rash act.
It is possible the pinch of poverty and
the encroachment of old age were the
impelling forces behind the deed, a
poverty stricken old age holding gre-
ter terror for him than did a quick
transit through the portals that led
to life beyond the grave.

Deceased had no relatives here.
At one time he had a family, but they
deserted him many years ago and
went to Mexico.

Judge Lamm turned the body over
to the Sheriff for interment and the
deceased will await in Potter's Field
the resurrection morn.

FUSSELMAN-WINDROW.

The wedding of Mr. Earnest Fus-
selman and Miss Ruth Windrow,
which occurred at eight o'clock Wed-
nesday morning July 4th, 1923 pro-
voked more than the usual interest
of the public in affairs of this kind.
Both of these young people have
grown up to sturdy young manhood
and lovely young womanhood among
the people of Hondo, and no young
couple are more universally esteemed
than are they.
The ceremony that linked their
lives occurred at the home of the
bride's parents, Mr. and Mrs. W. H.
Windrow and was witnessed only
by the immediate families of the
contracting parties, the Rev. W. C.
Brown, pastor of the First Baptist
Church officiating. To the strains of
Lohengren's Wedding March, render-
ed by Miss Hattie Fusselman, sister
of the groom, the bride and groom,
descended the stairway to the living
room to an altar constructed of ferns,
and where the words that bound their
lives forever was spoken.
The bride was attired in a traveling
suit of brown with accessories to
match, and carried a bouquet of white
rose buds.
Immediately after the ceremony
the happy young couple left on a
bridal tour which they will spend in
Galveston. They will be "at home"
at 226 San Pedro Avenue, San Anto-
nio, after July 10th.
The bride is the lovely daughter
of Mr. and Mrs. W. H. Windrow, has
grown up among the people of Hondo
and perhaps no one among the young-
er set enjoys a larger circle of admir-
ers than is accorded her.
The groom is the sterling young
son of Mr. and Mrs. James Fussel-
man, grew to man's estate here and
has the confidence and highest re-
gard of life-long friends. He has
long held a lucrative position under
the United States government.
That the wedded life of this young
Hondo couple, so auspiciously begun,
may prove one of perennial joy and
prosperity, is the ardent wish of all
our people.

MRS. PAUL OEFINGER, SR.
News reached Hondo Sunday after-
noon that Grandma Oefinger died at
the home of her son's family, Paul
Oefinger, at Quihi.
The deceased, nee Anna Marie
Hauser, was born January 19, 1837,
in Aldingen, Germany. In 1859 she
immigrated to America and came di-
rect to Quihi after a long, weary
voyage. On September 20, 1860,
she married Paul Oefinger, who pre-
ceded her in death in 1914.
The happy union was blessed with
eleven children, 4 sons and 7 daugh-
ters. One son, Jacob, died in his in-
fancy, and two daughters, Catharine
at the age of 15 years and Louise at the
age of 28 years preceded their mother
in death and caused much bereavment
in the family. A noble character,
a good Christian, and a good example
to her family has gone to her reward.
Grandma Oefinger reached the age
of 86 years, 5 months and 12 days
at the time of her death, July 1, 1923.
She leaves five daughters, Mrs. H.
B. Balzen, Mrs. Henry Saathoff, Mrs.
Louis Britsch, all of Medina County,
Mrs. John Mueller of San Antonio
and Mrs. Gus. Britsch of Bandera,
and three sons, Paul, Jacob and Chas.
Oefinger, all of Medina County; 30
grandchildren and 20 great grand
children, and also one sister in Ger-
many.
The funeral took place Monday
afternoon at the Quihi cemetery, at-
tended by the whole neighborhood,
relatives and many friends of the es-
teemed family. Rev. A. Falkenberg
officiated at the grave.
We can imagine the burdens and
worries deceased had to go through
in the early days some 60 years ago.
In the last months of her life the
good woman had lost her voice, but
she was patient up to the end. May
she rest in peace.

Mr. and Mrs. Lou. E. Heath are in
receipt of a letter from their son,
Wallace, from Paris, France. The
letter was mailed on June 22, and
received here on Thursday, July 5th
thirteen days after being entrusted
to the mail.
This is the third letter Mr. and
Mrs. Heath have received from
Wallace, the other two bearing
English post marks—dropped en
route to his destination. He had a
splendid trip over, having congenial
company, even two Serbian princess-
es being among the ship's passengers
and seemed to be somewhat demo-
cratic in their association. He en-
tirely escaped sea sickness, which to
ninety-nine out of every hundred
cases detracts from an ocean voyage.
He describes France as a beauti-
ful country, and Paris as the marvel
of the world—beyond his power to
portray. His description of the show
windows and their contents of the
establishments catering to the female
trade would prove of absorbing in-
terest to the ladies. He says the
most beautiful wearing apparel that
ever came under his observation is
to be seen in the shop windows, and
priced far below what such articles
sell for on this side of the Atlantic.
Wallace was fortunate in falling in
company with a number of young
Americans who are no strangers in
the French capital and who have
proved of great service to him as
they know the "ropes" and have pro-
tected him against any extortion by
hotels or other sources. While in
Paris he made his headquarters at
the Tulleries Hotel, 10, Rue St. Hy-
acinthe, near the heart of the city,
a hostelry that apparently caters to
American patronage.
The ubiquitous newspaper photo-
graphers are not unknown in Paris,
and when Wallace and some others
went to the express office to claim
their baggage they again met their
Serbian princess acquaintances and
with them were lined up by the pic-
ture men, and his features with royal-
ty, will soon adorn the newspapers,
both of this country and France.
These princesses had spent four years
in American Colleges and were en
route to their homes in the Near-east.
Wallace by now is down to his
work at Fontainebleau, and his
friends in Hondo hope that his studies
at that great institution will be in-
calculable value to him throughout life
in his chosen profession, that of
Architecture.

ORDER OF ELECTION.

THE STATE OF TEXAS, COUNTY OF MEDINA.)

This the 15th day of May, A. D. 1923, came on to be heard and considered, by the county judge of Medina County, Texas, the petition of George Heyen and 225 other freeholders of said Medina County, Texas, for an order of election in said county and the regularly constituted voting precincts of said county for the purpose of enabling the freeholders thereof to determine whether hogs, sheep and goats shall be permitted to run at large therein, and it appearing to the undersigned Judge of said Court that such petition was filed with the Commissioners' Court of said County on the 12th day of May, A. D. 1923, and that such Court thereafter, on the 15th day of May, A. D. 1923, heard and granted the same and ordered that such election be held on the 28th day of July, A. D. 1923, and that the Judge of the County Court of said County issue an order therefor and cause public notice thereof to be given as required by law:

Now, therefore, by virtue of the authority vested in me under such order and the law, I, R. J. Noonan, County Judge of Medina County, Texas, do hereby order that on the 28th day of July, A. D. 1923, in all the election precincts in said county, an election shall be held for the purpose of enabling the freeholders of said county to determine whether hogs, sheep and goats shall be permitted to run at large in said county.

It is further ordered that the polls shall be opened for such election at all the usual voting places in the several election precincts of and in said county. Said election shall be held by the regularly appointed and acting election officers of each such election precinct, and in so far as same are applicable, said election shall be held and conducted and the returns thereof made in accordance with the laws regulating general elections.

No person shall vote at such election unless he or she is a free holder, and is also a qualified voter under the constitution and laws of the State of Texas. All votes of such election shall be by ballot, and voters desiring to prevent the animals designated herein from running at large shall place or have printed, upon their ballots the words, "For the Stock Law", and those in favor of allowing such animals to run at large shall place, or have printed, upon their ballots the words, "Against the Stock Law".

Said election shall be held for one day only, and on or before the tenth day after such election, the persons holding such election shall make due return of all votes cast at their respective voting places for and against said proposition to R. J. Noonan, County Judge of said County, who will tabulate and count said returns and ascertain and proclaim the result of said election in the manner prescribed by law.

Public notice of this order shall be given for at least thirty (30) days before the date of such election by publication thereof in some newspaper published in said county.

A TRIP TO "FAIR ITALY".

We left Hondo Tuesday, June 12th. Spent the night in San Antonio and next day left for San Marcos where we had planned to spend a few hours with Mrs. Lee Green. We found her busy taking care of 18 of the Southwestern Normal pupils who were boarding with her. San Marcos is a veritable bee hive now with the 2700 pupils who are taking advantage of the summer normal course to prepare themselves for more efficient teachers and this State institution is ably prepared to meet the needs of these prospective teachers both mental and physical, there being an able faculty of instructors, gymnasium, tennis courts, swimming pool, etc. The swimming pool is the San Marcos river, a natural body of water 60 ft. wide and 4 to 20 ft. deep and as clear blue as an Italian sky with its banks lined with lovely cannas of every shade and hue and stately trees with lacy green foliage swaying gently over head. An ideal place indeed it is for a tired nervous student to cleanse the outward man and rest his tired brain. Absolutely true for we all tried it. Along the San Marcos section we found the roads badly worn and rough. Leaving here we soon reached the capital of this big state. Austin is a city of fine homes with well kept lawns with beautiful shade and flowers. While here we made the capital a short visit, went up to the gallery of the legislative hall and heard them wrangle a while over our School Bill which it seems is hard to get settled. From here we visited the senate gallery where we heard a eulogy on the American flag, if being I think, flag day. From here we soon reached the black land belt of Williamson Co. and immediately old super six began to play a mud tune. She began to distinctly say: Struck cotton, struck cotton and she still is saying it. It is cotton as far as the eye can see. In the valleys, on the hill tops, the fence corners, every vacant city lot, and when we get to Dallas I think we will find the roof gardens growing cotton, and I fear all the boll weevils will die with acute indigestion as one farmer here in Ellis county told me last night they had ruined his black-eyed peas and plums.

I wish I had time to tell of our ride yesterday over to Corsicana to the big oil fields but simply have not the time if we are to see all the old timers as we wish. This is my old "stomping ground", having lived here 28 years. When I first saw Ellis county in 1879, you could ride from Dallas to Waco across blue stem grass as high as a pony's back and scarcely see a house. Now it is dotted with modern towns and cities, good roads, interurbans, Railroads and good electricity strung all over the country for power and fuel.

This interesting letter was mislaid in our office at the time of its receipt, but as it is too good to lose entirely we give it this belated publication.—Editor.

FARM LOANS.

The Hondo National Farm Loan Association, H. E. Haass, Secretary-Treasurer, Hondo, Texas, representing 132 borrowers, with \$503,280 borrowed, is prepared to make farm loans anywhere in Medina County under the Federal Farm Loan Act at 5 1/2 per cent interest and 1 per cent 33 year amortization repayment plan. Nineteen thousand Texas farmers have taken advantage of this system of borrowing over fifty million dollars. Why not you? Former restrictions have been taken off and you may borrow for any purpose provided for in the Act, as a farmer only.

AN ANCIENT DOCUMENT.

Among the keepsakes in possession of Sheriff Joe Bader there is none he prizes more highly than the official discharge granted his father when he was mustered out of the service of The Texas Mounted Volunteers.

Texas was the "wild and woolly" west back in 1850, almost seventy-five years ago, and with hostile Indians numerous along its border it took men of steady nerve, keen eyes and a quick trigger finger to make this country a safe place in which to live. That Mr. Bader's father played a man's part in the game of life as it was lived in those trying days is evidenced by the time tinged document which he prizes so highly.

Following is a verbatim copy of the discharge:

To all whom it may concern:
Know ye, that Joseph Bader, a private of Capt. J. B. McConn Company Texas Mounted Volunteers, who was mustered in the service on the 13th day of March, 1850, to serve six months, is hereby Honorably Discharged, this seventeenth day of September, 1850, at San Antonio, Texas, by reason of expiration of term. Said Joseph Bader was born in Germany; is twenty years of age; five feet, eight inches high; light complexion; gray eyes; brown hair; and by occupation a Farmer.

Given at San Antonio, Texas, this 18th day of Sept., 1850.

J. B. McConn,
Capt. Com'g. Co. G. M. Vol.
J. V. D. Reebe,
Capt. 8th Inf. Bat. St. Vol.,
Mustering Officer.

ON HONOR ROLL.

Austin, Texas, July 6.—Approximately four hundred students out of the 3093 who were enrolled in the University of Texas during the spring term have their names on the honor list given out by Dr. H. Y. Benedict, dean of the College of Arts and Sciences. This number includes only about ten per cent of the student body, and the official honor roll as given out by the dean each term is intended to commend those students who have attained high scholastic records.

In making up the list, account is taken of the grades made and the number of courses passed by each student, so that both quality and quantity of work are given due consideration in constructing the honor roll.

The following students from Hondo had the distinction of having their names on the spring term honor roll: Nettie Fly.

DEVINE NEWSLETS.

From The Devine News.
First Sale of Broomcorn at \$325 per Ton.

What looks nearly as good to farmers as the fine long straw they are now harvesting from about 4,000 acres of broomcorn in the Devine territory is the fine price being paid. The first sale reported was a limited amount already baled, to some broom concern this week at \$325 per ton. It now looks like the harvest and threshing will be slow and many fear the fine prices will not hold up.
